

# Martin Gold

Martin has fine-tuned his act to the After Dinner market, able to deliver his speech without a trace of smut, or foul language. He can also tailor his act to suit the particular client if needed, and has also presented a host of corporate videos. Martin is also in demand as a TV warm up artiste, having worked on such shows as "This is Your Life", "Stars in Their Eyes", and more recently "This is my moment."

Martin is always immaculately dressed and carries a very professional attitude towards the event. He is a very amicable person both on and off stage.

Martin has enjoyed a lifetime in Television, since his days as a star of "Summertime Special" to his regular appearances on the "New Comedians" show.

Looking at Martin it seems impossible that his professional career started over twenty years ago as a stand up comedy impressionist. He quickly progressed into stand up comedy, and subsequently became a big hit with the theatre audiences.

During these years, he supported such names as Ken Dodd, Les Dawson, Gene Pitney, Mickey Rooney and Al Martino.

Martin completed four seasons topping the bill in Jersey, three in Newquay, and several seasons headlining for Warner Holidays and Stakis Hotels.

More recently, Martin has found himself in demand by several cruise lines and has become so popular international cruise ships now make up a great deal of his work.

**A Golden Speaker - 24ct Comedy!**

"Martin had to follow me and Alec Stewart at a cricket dinner, which is obviously a bit like singing after Sinatra and Dean Martin. It was midnight before he got on, but he turned it round brilliantly and had a bunch of drunk cynical cricketers laughing their heads off. I thought his act was sharp and very funny."

Piers Morgan

"A master of his trade, Innovative, up to date, yet delivered in a way that can only be described as perfection"

Roy Barraclough M.B.E

" Top class comedy entertainment - dispatched a battery of jokes gratefully acknowledged by the audience which he had eating out of his hand almost as soon as he came on stage.."
