

Steve Tandy

Steve is now into his 19th year as a professional entertainer and has become very popular as an after dinner speaker, due to his ability to tailor his material to the audiences in front of him.

His impressions of everyone from television stars and sporting personalities, mixed with gags and stories about his career, gives you a speaker with a difference. From the stars of Coronation Street to well known sports stars and entertainers, his act has to be seen to be believed.

A keen golfer, Steve has participated in many Corporate and Company golf days, taking part in the golf on the day, and using the events of the day as part of his speech after the dinner. Impressions of Alex Hey, Peter Allis and Seve Ballesteros go down particularly well. Steve will also, if asked, present the prize giving, with hilarious results, which only add to the enjoyment of the day.

Steve has entertained at golf days for: Birmingham City, Northampton Town, Calor Gas, Allibert, J.B.S., Norflex, A.N.C., Rexham and many, many others.

He is also very popular at sportsmen's dinners, and has also worked with many of the top sports personalities on the after dinner circuit and at conferences. At conferences, Steve has been engaged, and provided, a light-hearted ending to the day's events.

So, in conclusion, if you require a speaker with a difference, who is also a superb host & compere, along with a wealth of experience, then Steve Tandy is for you!

Steve is also extremely popular with cruise ship passengers where versatility shines through with his comedy routines, Impressions and his great Johnny Cash Tribute show.

"Brilliant - especially the impressions" Peter McGovern, Head Professional at the Belfry.

"It only goes to show what a good comedian you are to put on a show like that and not use swear words or crude language. Secretary Cleeve Cloud GC.

"Thanks for entertaining our guests so well in the departure lounge and during the flight"
M Nelson, British Airways.

"You helped make our evening one to be remembered". Peterborough Rotary Club.

Steve Tandy _ Review from http://www.cruise.co.uk/cruise-reviews/pando-cruises/azura/read_review_22499/

Enjoyed most of shows. Did'nt see any tribute acts. Comedians on the whole very funny. One criticism Steve Tandy's 10.30 show in Manhattan. As we were 2nd sitting we arrived at 10.00 and found the place packed, it was a great show but spoilt by having to stand to watch it.

I think the reason the Manhattan filled up for Steve Tandy was because his first show three days earlier had proved so popular so people made a point of seeing him again. In fact he seemed to be one of the most popular acts from speaking to people. We saw both his shows and thought he was superb. Perhaps given his popularity they should have put him in the Playhouse one night instead of those awful headliners (cue comments from people who loved the cliché'd headliners shows.....described as West End style shows.....must have been the West End of Wigan they were referring to not London)
